www.inspireyouth.eu**

The Methodological Guide is already available in our official website!

You can find fruitful information on:

- ✓ Youth unemployment rates in several European countries
- ✓ Entrepreneurship as a solution to fight unemployment
- ✓ Start-ups in partner countries
- ✓ Worldwide initiatives for SDG's promotion amongst youth
- ✓ Statistics on social enterprises and social start-ups
- ✓ Educational projects that promote social enterprises and much more!

ENTREPRENEURSHIP AND SDG'S

Sustainable Development Goals (SDGs) form a global agenda and are aiming towards a sustainable development of our societies. They can be summarised in 17 main goals and 169 targets.

These goals will let pioneer enterprises to show in which way their business contributes in advancing sustainable development, both by lessening negative impacts and capitalizing on positive impacts on people and hence, the planet

COMING SOON

- Development of the Learning guide (IO2) for career development and assessment of personality characteristics
- Development of the Learning training guide (IO3) for Social Enterprises business models and effective use of Social Media
- Organization of the C1 training

UK, GERMANY AND SPAIN ARE IN THE TOP THREE REGARDING THE NUMBER OF SOCIAL ECONOMY ORGANIZATIONS PER COUNTRY

SOCIAL START-UPS EXAMPLES FROM PARTNERS COUNTRIES

HUMANE (GREECE) is focused on advocacy of people with health problems and disabilities through the merchandising of products designed by them

CYPRUS SEEDS (CYPRUS) helps to commercialize innovative academic research in Cypriot universities and research institutions

APADRINA UN OLVIO (SPAIN) has the objective of raising awareness regarding the abandonment of rural areas, and fights it by restoring olive trees and creating jobs in those communities
